Honorable Ann H. Kobayashi  
Interim Council Chair, City Council  
City and County of Honolulu

Madame Chair:

Your Committee on Transportation, which considered Resolution 19-38 entitled:

"URGING THE DEPARTMENT OF TRANSPORTATION SERVICES TO  
IMMEDIATELY STUDY, EVALUATE, AND IMPLEMENT PEDESTRIAN SAFETY  
STRATEGIES AND OPTIONS TO ADDRESS THE ALARMING NUMBER OF  
PEDESTRIAN CRASHES ON OAHU,"

introduced on February 20, 2019, reports as follows:

The purpose of Resolution 19-38 is to urge the Department of Transportation Services to study, evaluate, and, as warranted, implement a wide range of pedestrian safety strategies and options to address the alarming number of pedestrian crashes on Oahu.

Mr. Jon Nouchi, the Deputy Director of the Department of Transportation Services, testified in support of the Resolution, noting that the Resolution is in line with the City's current pedestrian safety efforts, including consideration of such low-tech pedestrian measures as pedestrian crossing flags, sidewalk stenciling, and other quick-build solutions. In response to inquiries from the Committee, the Deputy Director also indicated a willingness to consider options, such as stripping for "Do Not Block Intersection" messages, increasing the buffer zones between painted stop lines and the areas where pedestrians cross, and lights embedded in the road that are activated when a pedestrian is crossing.
